1 Affected Products

In addition to those Antaris 4 products which have already been issued an End-Of-Life notification, all other Antaris 4 modules and receiver boards will be phased out. This notification affects the following products:

Product in End-of-Life	Recommended Successor Product
LEA-4A	LEA-6A-0
LEA-4H	LEA-6H-0
LEA-4R	LEA-6R-0
LEA-4S	LEA-6S-0
LEA-4T	LEA-6T-0
RCB-4H	Contact u-blox.
TIM-4A, TIM-4H, TIM-4P	TIM-5H-0
TIM-4R	

2 Reason for discontinuation

The volumes of the modules listed above have dropped to very low levels as a consequence of the introduction of successor modules based on the u-blox 5 technology three years ago and u-blox 6 in spring 2010. The products listed above are available for a limited time, allowing the placement of final orders.

All other products containing u-blox 5 and u-blox 6 technology, are **not affected** by this phase-out.

3 Recommendation

Refer to the [LEA-6, NEO-6 GPS Hardware Integration Manual](#) (Doc ID GPS.G6-HW-09007) for details about migration from LEA-4 or NEO-4 to u-blox 6.

Refer to the [LEA-5, NEO-5, TIM-5 Hardware Integration Manual](#) (Doc ID GPS.G5-MS5-09027) for the migration from TIM-4 to TIM-5.

Additional documents can be downloaded from our website: <http://www.u-blox.com/en/gps-modules.html>
