3 Customer impact and recommended action

It is recommended that customers migrate to the latest u-blox M8 or F9 successor products as listed in section 1. The u-blox M8 and F9 modules use more advanced GNSS technology, offering improved performance and versatile product portfolio compared to the legacy u-blox 6 modules.

Refer to the documents listed in section 6 for specifications of the recommended successor products. For more migration-related information and guidance, please consult u-blox technical support team.
