3 Customer impact and recommended action

It is recommended that customers migrate to the latest u-blox M9, F9, M10, and F10 successor products as listed in section 1. The u-blox 9 and u-blox 10 module solutions use more advanced GNSS technology, offering improved performance and versatile product portfolio compared with the legacy u-blox 7 modules.

Refer to the documents listed in section 6 for specifications of the recommended successor products. For more migration-related information and guidance, please consult u-blox technical support team.
